EUREKA BEATS PARK CITY

Tintic Sockers Pile Up Eight Goals to Their Opponents' One.

The Park City and Eureka socker teams played at Lagoon yesterday afternoon, and the Tintic Miners beat their Summit county opponents by the substantial score

of 8 goals to 1.

From the very start Eureka pressed the Parkites, and seldom did they allow them to get more than half way. Eureka's combination was perfect and the team did not differ from the team published in yesterday's Herald, save that Bell took. Smith's place in the back division.

Hoodles scored Park City's lone goal.

Brawley, Brewster, Cox and Beckett had respectively four, one, one and two goals to their credit. The Park City team showed want of combination, and Eureka's fast forward and steady back playing entirely non-

This day two weeks Salt Lake City will travel to Eureka and play the tie for the challenge trophy, and from today's form it is almost a cinch that the cup will go to the Tintic camp

THE HERALD'S DOUB Three Fast Foreign Riders Now Racing in Salt Lake

Paddy Hehir, The three above-named bicycle riders are making their American appearance for the first time at the local saucer. The trio is rated by experts as being the three best bike pushers in Australia, but, like all foreign riders, are having considerable trouble in mastering the short curves of the saucer track. Hehir took two firsts and one third in the last meet, while Nesbitt took two seconds, showing conclusively that these boys are going some. Wells is the latest arrival of the three, and has ridden in but one meet. He holds the championship of New Zealand, and is looked upon by many as a coming star, as soon as he gets acquainted with the local track.

Montreal, June 12.—James J. Jeffries refuses to referee the fight between Staniey Ketchel and Jack Johnson, next October, although requested by Ketchel to act. Jeffries said today:

"Ketchel wants me to referee his fight with Johnson, but it would not be consistent. I am heart and soul with Ketchel in that fight. I want to see him win. I make no bones about that sentiment. How would it look for me to get into the ring as referee with that feeling?

"My sympathies are with Ketchel or any other white man who fights Johnson for the championship, and I hope that Ketchel will beat him, for it will simply save me the trouble."

The Hiff team journeyed out to Tooele on Friday and were defeated by a score of 16 to 6. Paul Ray, a 15-year-old young-ster, pitched for the Methodists and struck out fourteen men. The Hiff team recently won the Sunday School league pennant without losing a game during the year.

ANOTHER AMATEUR HERE. Brownie Price, an Australian amateur, arrived in the city yesterday and joined the already large squad of local cyclers at the saucer track. He will enter the races on Tuesday night.

Champion Refuses to Referee Conand Jack.

Boston, June 12.—Jack Johnson was seen in regard to his fight with Kaufmann, which, it was announced, would take place in San Francisco, and said:

"I am willing to go forty-five rounds or fight to a finish with Kaufmann in Nevada before Oct. 12, but I will not fight in California before then. I have told Coffroth my reason for not fighting a forty-five-round battle with Kaufmann in San Francisco."

When asked about the report that Jeffries may referee his fight with Ketchei. Johnson said:

hard and believes that before many days have passed he will be flying as fast as ever. The Australians, Hehir and Nesbett. showed their first signs of speed which it is known they have this week and from the easy manner in which they took down the firsts and seconds it looks as if they will be contenders in future meets. Wells, the New Zealand champion, has been unable to do much in the sprints, as he is not yet used to the sharp turns on the saucer track. In Australia and New Zealand, where Wells has raced all his life, he had the advantage of long stretches to unwind before hitting the tape. That he has speed is shown by the way he unwinds when going after a leading rider or when setting a pace, but like the rest of the foreigners, he will have to get used to the small saucer track before being able to duplicate his work in Australia on the local track.

Cycle fans are still up in the air in their efforts to pick a consistent winner. There are about ten of the local field of pro, riders, any one of which is liable to win, if given a favorable position when the sprint starts. As a result every race has the fans guegsing, and it is the first time in several seasons the winner could not be picked in advance, barving some unforeseen accident. That the boys are going some is shown by hanging up one new record during the week and the fast time in other races where world's marks were seriously threatened. Speed like this early in the season gives promise of some record-breaking as the hot weather approaches.

was easily the feature of the week's rac-

The motor-paced game looks good for the coming summer, judging from the manner in which the first motor-paced race was received last Tuesday evening. The outcome was not at all satisfactory to Samuelson and Wilcox, both riders claiming they had the worst of the argument in stopping the race on account of the accident to Munroe. Challenges have been hurled back and forth until Manager Heagren agreed to match the same three riders over again, and the race will be held on Tuesday night. It will be ten miles this time instead of five, as both Wilcox and Samuelson say they are better at this distance.
